NYE Quick Take: What Journal Article Did Cytodyn Pay To Get Published Today? (CYDY)

What ridiculousness is everyone's favorite reverse-merger pink sheet Coronacraper, **Cytodyn (CYDY)**, spewing on the last day of 2020? How about some hype around a [journal article](https://d11o3yog0oux5.cloudfront.net/cytodyn/files/pages/cytodyn/db/256/content/JTAUTO-D-20-00043_R1+3_1_.pdf) (https://d11o3yog0oux5.cloudfront.net/cytodyn/files/pages/cytodyn/db/256/content/JTAUTO-D-20-00043_R1+3_1_.pdf) highlighting a case series of four Covid-19 patients (two of whom died) treated with **loserlimab** (<https://buyersstrike.wordpress.com/2020/08/28/but-teh-science-be-so-gud-part-1-a-brief-history-of-loserlimab-cydy/>) in the impressive sounding "*Journal of Translational Autoimmunity*."

First some obvious caveats, this case series appears to be cherry picking rehash of the previous EIND patients, as all patients were admitted in April or May of 2020. There is no control group. **Two** of the four patients **died**, and **one of the two surviving patients refused the second dose of loserlimab**.

But more importantly, the *Journal of Translational Autoimmunity* (<https://www.elsevier.com/journals/journal-of-translational-autoimmunity/2589-9090/open-access-journal>) is what is politely known as an "Open Access" journal. More colloquially, this is known as a "Pay for Play" journal. Yes, that is right, **authors pay** to be "published." How much will an article in this prestigious journal cost you? A stock promoting bargain at \$2250.00 not including sales tax.

Open Access Publication Fee

As an open access journal with no subscription charges, a fee is payable by the author or research funder to cover the costs associated with publication. This ensures your article will be immediately and permanently free to access by everyone. The gold open access publication fee for this journal is **USD 2250**, excluding taxes.

Look it up (<https://www.elsevier.com/journals/journal-of-translational-autoimmunity/2589-9090/open-access-journal>) for yourselves.

One thing that **Cytodyn** did not press release today and likely does not want you to know about is this:

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549
NOTICE OF EFFECTIVENESS

Effective Date: December 30, 2020
Form: S-3

CIK: 0001175680
Company Name: CytoDyn Inc.
File Number: 333-251522

(<https://buyersstrike.files.wordpress.com/2020/12/s3-effective.png>)

This means the shares, owned by John M. Fife (<https://buyersstrike.wordpress.com/2020/12/21/what-did-cytodyne-bury-in-the-mid-december-s3-filing-cydy/>), that were registered to be sold on the S-3/A the other day are now free to hit the market.

Happy New Year!
