Who's Touting Cytodyn Now? (CYDY)

Pink sheet retail investor AIDS-turned-Cancer-turned-Coronacrap favorite **Cytodyn (CYDY)** has been quite the darling of the stuck-at-home newbie trader crowd lately. It seems not a day goes by without some form of stock promotion. And today, 28 April, is no exception.

Presenting an absolute howler of a puff piece on Seeking Alpha, entitled "[Finding The Kink In COVID-19's Armor -- Preventing ARDS](https://seekingalpha.com/article/4340420-finding-kink-in-covidminus-19s-armor-preventing-ards)" (<https://seekingalpha.com/article/4340420-finding-kink-in-covidminus-19s-armor-preventing-ards>)" by one [Theodore Zucconi](https://seekingalpha.com/author/theodore-zucconi#regular_articles) (https://seekingalpha.com/author/theodore-zucconi#regular_articles).

Here's his bio on Seeking Alpha:

Ph.D. in chemistry, Masters certificates in International Finance and Program/Project Management. Over 36 years experience in high tech and biotech.

Ted's piece this morning hypes up not just **Cytodyn (CYDY)**, but also **Galectin (GALT)**, and **Ampio (AMPE)** of all things. He's written a few other times hyping **CYDY** as well. Remember the 13 shots on goal laughter? "[CytoDyn's 13 Shots On Goal De-Risk Investment](https://seekingalpha.com/article/4293280-cytodyns-13-shots-on-goal-de-risk-investment?source=all_articles_title)" (https://seekingalpha.com/article/4293280-cytodyns-13-shots-on-goal-de-risk-investment?source=all_articles_title)"

Here is his disclosure statement on today's article:

Disclosure: I am/we are long **CYDY**, **AMPE**, **GALT**. I wrote this article myself, and it expresses my own opinions. I am not receiving compensation for it (other than from Seeking Alpha). I have no business relationship with any company whose stock is mentioned in this article.

Ignore the fact that he is long, focus on the last sentence, and keep it in mind, dear reader, as you continue.

Some may recall that **Galectin** was once called **Pro Pharmaceuticals (PRW then PRWP)**.

 Nice find, wasn't even aware of that one! Send it to ali@seekingalpha.com – post SEC settlement they actually will remove this crap sometimes.

 I don't own any CYDY, but isn't there a chance that their drug works? Also, technically his disclosure is accurate.

[Could it work? Incredibly amazingly unlikely, just read the [NEJM letter](#) from the other day for yourself. As to the disclosure, in the opinion of everyone here at BuyersStrike! HQ, it seems a bit light. A former CEO and Board Member not disclosing his relationship? One that only ended around 2 years ago? – Editor]
